**DETAILED ACTION**

***Response to Amendment***

Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

The claims filed 9/10/2009 are in the proper format for a reissue application and applicant's arguments filed 8/10/2009 are persuasive. As a result, the outstanding rejections of claims 2 and 3 are withdrawn.

***Allowable Subject Matter***

Claims 2 and 3 are allowed.

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

A final review of the amendment to the specification filed 8/11/2009 reveals the following formal errors:

The inserted text reciting "a. Field of the Invention" and "b. Description of the Background" should be underlined to indicate that it is added subject matter.

Any inquiry concerning this communication should be directed to Mark Hellner at telephone number 571 272 6981.
